

# LECTURES/WORKSHOPS 2018

AT JGALLERY

## Art History Lectures x3

April 6th/13th/20th Subject to confirmation  
Fridays 11am- 1pm ( subject to numbers)

- 1. Of light and luxury** Reverse glass painting, Central Europe c 400 AD to 1930
- 2 Rene Lalique** and the art of fine glass
- 3 The vitreous subject:** Uses of glass in art

£8.50 per lecture 3 at £22.00 (including light refreshments in the gallery lounge 25)

Looking at the various ways in which glass has been used by artists as a medium, a carrier and a subject in art. From the colourful stained glass that entered the Gothic cathedrals, an essential part of the medieval materialisation of the heavenly Jerusalem to the more recent conceptual exploration of the transubstantial argument that a glass of water can also be an oak tree, these lectures promise the usual mix of insightful scholarship and surprising detail. (Art Historian Dr Connny Bailey)
